Decides Toys we have Gifts suitable for both old and young, and all stages in between.

Just give us a call and it will take but a moment to convince you that

You Need Look No Farther

The Home of **WILKINSON'S** Opposite the Santa Claus Postoffice

Quality First

Quality first is our motto in all that we do. We regard everything we do as bearing a direct relation on our future prosperity, and for that reason we do nothing carelessly or with indifference.

We make full sets of teeth upper and lower for \$18.00 and we could not make a better set for \$100, unless we were to use gold or aluminum.

We make 22K gold crowns for \$5.00 and you cannot get better crowns at any price.

We want your Business. You will be Pleased with our Service. We both make Money.

1st South and 1st East, Logan. Phone 446 W.

Utah-Idaho Building Co.

20 West First North

This company is strictly a building corporation. It is operating in Utah and Idaho, and specializes in cottage work.

Its officers are all well known business men of Cache Valley and Salt Lake City, who have made a success of their own business.

During the past year it has constructed more than 100 homes of the most modern and elegant homes in Cache Valley for 100 satisfied customers.

The plan of operation enables the man of small means to secure a home for himself on very favorable terms; a small cash payment and the balance by the month as though paying rent.

Those in charge of its affairs are experts in their line, having successfully handled the major portion of the building for several of the largest real estate and building companies in Salt Lake City during the past ten years.

Owing to the long experience of its officers in cottage building, its complete organization and the excellent equipment, the company is in a position to handle a great volume of business.

If you contemplate building it will be well worth your while to see us.
